PART B – ADDITIONAL INFORMATION

- 4.1 Under Section 151 of the Local Government Act 1972, the appointed Chief Finance Officer is charged with the proper administration of the Council's financial affairs and as such must make good judgements and estimates that are reasonable and prudent.
- 4.2 In applying the Authority's accounting policies the Council has to make certain judgements about future events. In accordance with International Accounting Standards, the notes to the accounts contain details of the critical judgements made.
- 4.3 The Statement of Accounts contains some estimated figures that are based on the assumptions made by the Council about the future or that are otherwise uncertain. These include useful lives, valuations and bad debt provisions. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because some balances cannot be determined with certainty, actual results could be different from the assumptions and estimates.

- 4.4 It is considered good practice for the Audit and Risk Committee to consider these judgements and the major sources of estimation uncertainty that are going to be applied to the accounts.
- 4.5 Appendix A therefore includes an excerpt from an early draft of the Council's Statement of Accounts in relation to Accounting Policies, Judgements, Assumptions and Uncertainties.
- 4.6 Members attention is particularly drawn to the sections 3 to 7 of appendix A which focuses in on key areas of judgement and uncertainty inherent within the accounts.
